Supporting Your Well-being

Concerned About Your Next Step?

Stop

- Calm yourself down. Take a few deep breaths.

Think

- Think through the different options that are available for you. Keep things in perspective.
- Remember that the O-Level is not the end point and is only one part of your life journey.

Do

- Have conversations with trusted adults who know you well to advise and guide you (parents, teachers, ECG counsellor).
- Decide and act based on your options.

When you receive your results, you may experience a range of emotions.

Managing these emotions well will allow you to stay calm and make rational decisions.

Reaching out for support is a sign of strength

If you have questions about your options or are not coping well, you can reach out to trusted adults such as a parent/guardian, teacher, school Counsellor or ECG Counsellor. You can also talk to a trusted friend.
